

Juan Pablo II **SESSION**
Auditorium

September 28

08:00 - 10:15 Clinical Science Workshop on Acute Pancreatitis- Session I

Chair JOSE EDUARDO CUNHA

Chair SANTHI SWAROOP VEGE

08:00 The mechanics of acute pancreatitis

Speaker RODGER LIDDLE

08:15 How do we predict severe, moderately severe in first 48 hrs?

Speaker GEORGIOS PAPACHRISTOU

08:30 Role of hydration, nutrition, urgent ERCP and cholecystectomy

Speaker CHRISTOPHER FORSMARK

08:45 When, how and what intervention for complications

Speaker REDDY NAGESHWAR

09:00 Future: new imaging, biomarkers, tools for intervention and drugs

Speaker PRAMOD GARG

09:15 Case Based Panel Discussion: Case presentation with multiple
choice questions

Moderator OSCAR MAZZA

Moderator SANTHI SWAROOP VEGE

Panelist MARC BESSELINK

Panelist JOSE EDUARDO CUNHA

Panelist PRAMOD GARG

Panelist CARLOS OCAMPO

Panelist CARLOS ROBLES MEDRANDA

Panelist ROBERT SUTTON

Panelist AUGUSTO VILLAVERDE

Panelist JOHN WINDSOR

Room 204 **SESSION**

September 28

08:00 - 10:15 Basic Workshop on Pancreatology: Autophagy in Pancreas
Diseases

Chair ZOLTAN BERGER

Chair STEPHEN PANDOL

08:00 Genetic models of pancreatitis caused by impaired autophagic/lysosomal pathways
Speaker ILYA GUKOVSKY

08:20 Mitochondrial dysfunction and impaired autophagy drive Pancreatitis
Speaker ANNA GUKOVSKAYA

08:40 The acinar cell minor secretory pathway: A pivotal control platform coordinating secretion, autophagy and differentiation
Speaker GUY GROBLEWSKI

09:00 Oral Presentations

Juan Pablo II
Auditorium &
Room 204

September 28

10:15 - 10:45 BREAK

Juan Pablo II SESSION
Auditorium

September 28

10:45 - 12:30 Clinical Science workshop on Acute Pancreatitis- Session II
Chair CARLOS FERNÁNDEZ DEL CASTILLO
Chair SILVIA CRISTINA GUTIÉRREZ

10:45 Biliary Pancreatitis: Need for a specific treatment?
Speaker PHILIPPE LÉVY

11:00 Randomized trials in acute pancreatitis
Speaker MARC BESSELINK

11:15 Guidelines in Acute Pancreatitis, last decade: critical analysis & results
Speaker MARIO PELAEZ LUNA

11:30 Acute Biliary Pancreatitis in Argentina & Experience
Speaker CARLOS OCAMPO

11:45 Multicenter study on the etiology, severity and clinical outcome of acute pancreatitis in Chile
Speaker ZOLTAN BERGER

12:00 APPRENTICE´Results (Acute Pancreatitis Patient Registry to Examine Novel Therapies In Clinical Experiences)
Speaker GEORGIOS PAPACHRISTOU

12:20 Discussion

Room 204 **SESSION**

September 28

10:45 - 12:30 Mini Symposium on Pancreatology: Novel Approaches in Cancer
Diagnostic & Therapy

Chair FLORENCIA MCALLISTER

Chair RAUL MOSTOSLAVSKY

10:45 An organized communication network mediated by exosomes
(ExoNet) in Pancreatic Cancer

Speaker SONIA MELO

11:05 Cancer Molecular Epidemiology

Speaker FRANCISCO JAVIER OLIVER

11:25 Cell and gene therapy strategies. Present, future and examples

Speaker CECILIA FRECHA

11:45 Oncolytic Virotherapy for Pancreatic Cancer

Speaker EDUARDO CAFFERATA

12:05 Emerging immunotherapy strategies in Pancreatic Cancer

Speaker GUILLERMO MAZZOLINI

12:25 Discussion

"Salón de
Lectura" Room

September 28

12:30 - 14:00 **BREAK & POSTER SESSION**

Juan Pablo II **KEYNOTE CONFERENCE**
Auditorium

September 28

14:00 - 14:30 Autoimmune Pancreatitis: Current Concepts

Chair MARÍA INÉS VACCARO

Speaker SURESH CHARI

Juan Pablo II **SESSION**
Auditorium

September 28

14:30 - 15:50 Symposium Frontiers in Pancreatology

Chair SURESH CHARI

Chair MARÍA INÉS VACCARO

14:30 Development of novel drugs for acute pancreatitis
Speaker ROBERT SUTTON

14:50 Emerging targets for the prevention or treatment of acute pancreatitis
Speaker FRED GORELICK

15:10 The Microenvironment of Pancreatic Cancer - Not a Bystander
Speaker MINOTI APTE

15:30 Linking Metabolism to Epigenetics in Cancer: SIRT6 provides new clues
Speaker RAUL MOSTOSLAVSKY

Juan Pablo II
Auditorium &
Room 204

September 28

15:50 - 16:00 BREAK

Juan Pablo II **SESSION**
Auditorium

September 28

16:00 - 17:40 Symposium Frontiers in Pancreatology
Chair SURESH CHARI
Chair MARÍA INÉS VACCARO

16:00 Present and future on pancreatic cancer early detection
Speaker FLORENCIA MCALLISTER

16:20 Precision medicine for complex pancreatic disorders: Guidance for individual patients
Speaker DAVID WHITCOMB

16:40 Personalized medicine using pancreatic cancer patient- derived organoids
Speaker MAXIMILIAN REICHERT

17:00 Prospects for Improved Outcomes in Pancreatic Cancer
Speaker JOHN NEOPTOLEMOS

18:05 Ten messages to take home
Chair SURESH CHARI
Moderator MARÍA INÉS VACCARO

Juan Pablo II
Auditorium

September 28

18:20 - 18:35 BREAK

Juan Pablo II KEYNOTE CONFERENCE
Auditorium

September 28

18:35 - 19:10 State of The Art Lecture In Memorial "Luis Colombato"
Chair SILVIA CRISTINA GUTIÉRREZ

18:35 A Changing Landscape in Pancreatic Cancer Care
Speaker CARLOS FERNÁNDEZ DEL CASTILLO

Juan Pablo II
Auditorium

September 28

19:30 - 20:30 Welcome Reception

Juan Pablo II **SESSION**
Auditorium

September 29

08:00 - 08:45 Symposium on Chronic Pancreatitis- Session I

Chair PETER HEGYI

Chair DAVID ZAGALSKY

08:00 Clinical approach to chronic pancreatitis

Speaker LUCA FRULLONI

08:15 Update on the role of Endoscopic Ultrasound in early diagnosis of
Chronic Pancreatitis

Speaker JUAN ENRIQUE DOMINGUEZ MUÑOZ

08:30 Endoscopic Management in Chronic Pancreatitis

Speaker JEAN MARC DUMONCEAU

Juan Pablo II **KEYNOTE CONFERENCE**
Auditorium

September 29

08:45 - 09:15 Chronic pancreatitis: variable complications of pain, diabetes and
cancer

Chair MARÍA INÉS VACCARO

Speaker DAVID WHITCOMB

Juan Pablo II **SESSION**
Auditorium

September 29

09:15 - 10:15 Mini-Invasive Strategies

Chair CLAUDIO BASSI

Chair CECILIO CERISOLI

09:15 Therapeutic EUS in the management of pancreatic lesions

Speaker CARLOS ROBLES MEDRANDA

09:35 Minimally invasive pancreatic resection: evidence-based approach

Speaker MARC BESSELINK

09:55 ERCP therapeutical & Pancreatic disease. Are indications settled?
Results

Speaker GEORGIOS PAPACHRISTOU

Room 204 **SESSION**

September 29

09:15 - 10:15 Guidelines for Chronic Pancreatitis
Chair JOHN NEOPTOLEMOS
Chair DAVID WHITCOMB

Juan Pablo II
Auditorium &
Room 204

September 29

10:15 - 10:30 BREAK

Juan Pablo II SESSION
Auditorium

September 29

10:30 - 12:30 Symposium on IPMN

Chair MASSIMO FALCONI

Chair CARLOS OCAMPO

10:30 Role of CT and MRI-MRCP in IPMNs: More than just showing
bubbles

Speaker MARIANO VOLPACCHIO

10:45 EUS and IPMN: Is really necessary?

Speaker AUGUSTO VILLAVERDE

11:00 Intraductal Neoplasms: tools for Pathologist

Speaker MARÍA TERESA GARCIA DE DÁVILA

11:15 Surgical Management of IPMNs

Speaker CARLOS FERNÁNDEZ DEL CASTILLO

11:30 IPMN: a surgical disease

Speaker MARKUS WOLFGANG BÜCHLER

11:45 The European Guidelines

Speaker MARCO DEL CHIARO

12:00 Unsolved problems

Speaker PHILIPPE LÉVY

12:15 Panel of Discussion

Speaker MARKUS WOLFGANG BÜCHLER

Speaker MARCO DEL CHIARO

Speaker CARLOS FERNÁNDEZ DEL CASTILLO

Speaker MARÍA TERESA GARCIA DE DÁVILA

Speaker PHILIPPE LÉVY
Speaker AUGUSTO VILLAVERDE
Speaker MARIANO VOLPACCHIO
Moderator MASSIMO FALCONI
Moderator CARLOS OCAMPO

"Salón de
Lectura" Room

September 29

12:30 - 14:00 BREAK AND POSTER SESSION

Juan Pablo II KEYNOTE CONFERENCE
Auditorium

September 29

14:00 - 14:30 Pancreatic Stellate Cells - What's New?

Chair JEREMY WILSON

Speaker MINOTI APTE

Juan Pablo II SESSION
Auditorium

September 29

14:30 - 16:00 Pancreatic Cancer I

Chair GONZALO RECONDO

Chair KYOICHI TAKAORI

14:30 Following the Smoke Trail to the Fire: Harbingers of Pancreatic
Cancer

Speaker SURESH CHARI

14:50 Role of EUS in screening for pancreatic cancer in high risk
individuals

Speaker MANOOP S. BHUTANI

15:10 Chemotherapy in patient with resected Pancreatic
Adenocarcinoma

Speaker JOHN NEOPTOLEMOS

15:30 Surgery for pancreatic cancer after chemotherapy

Speaker CLAUDIO BASSI

15:50 Surgical strategy for Borderline Resectable Pancreatic

Speaker HIROKI YAMAUE

Room 204 SESSION

September 29

14:30 - 16:05 Pancreatic Beta Cell and Diabetes
Chair GERTRUDIS BAPTISTA A DE

14:30 Pathophysiological bases of Type 2 Diabetes treatment
Speaker JOSE GAGLIARDINO

14:50 Epigenetic - mediated reprogramming to pancreatic lineage cells
Speaker FEDERICO PEREYRA BONNET

15:10 Inflammation and beta cell failure in Type 2 diabetes

15:30 Oral Presentations

Juan Pablo II
Auditorium &
Room 204

September 29

16:05 - 16:15 BREAK

Juan Pablo II KEYNOTE CONFERENCE
Auditorium

September 29

16:15 - 16:45 Exploiting the Biology of Exosomes for the Treatment of Pancreatic
Cancer

Chair SURESH CHARI

Speaker RAGHU KALLURI

Juan Pablo II SESSION
Auditorium

September 29

16:45 - 19:00 Pancreatic Cancer - Session II

Chair MARCELA CARBALLIDO

Chair MAXIMILIAN REICHERT

16:45 Global standard for the treatment of Pancreatic Cancer
Speaker KYOICHI TAKAORI

17:05 Unhelpful immune cells in pancreatic cancer initiation and
development
Speaker FLORENCIA MCALLISTER

17:25 Immunologic sculpting of pancreatic cancer outcomes
Speaker STEVEN LEACH

17:45 CCK-Receptor blockade and Immunotherapy improves survival of
pancreatic cancer
Speaker JILL SMITH

18:05 Clinical, genomic, and biological observations call for a new model of pancreas cancer progression

Speaker FRANCISCO X. REAL

18:25 Diabetes mellitus and pancreatic cancer, a significant association?

Speaker MARIO PELAEZ LUNA

18:45 Clinical trials in progress of Chemotherapy for unresectable pancreatic cancer in Japan

Room 204 **SESSION**

September 29

16:45 - 19:00 Workshop on Nutrition in Pancreas Diseases

Chair MARISA CANICOBA

Chair LAURA MATARESE

16:45 Nutrition in Acute Pancreatitis

Speaker GERTRUDIS BAPTISTA A DE

17:05 Perioperative Nutrition & Pancreatic Cancer

Speaker ANTONIO CARLOS CAMPOS

17:25 Nutrition in Chronic Pancreatitis

Speaker MARISA CANICOBA

17:54 Case Based- Panel Discussion

Moderator LAURA MATARESE

Panelist GERTRUDIS BAPTISTA A DE

Panelist ANTONIO CARLOS CAMPOS

Panelist MARISA CANICOBA

"Salón de Lectura" Room POSTER SESSION

Saturday 30

08:00 - 09:00 Poster Session

Juan Pablo II Auditorium SESSION

Saturday 30

09:00 - 10:10 Symposium on Neuroendocrine Pancreatic Tumors

Chair MARCO DEL CHIARO

Chair JUAN MANUEL OCONNOR

09:00 Approach and medical management of Pancreatic Neuroendocrine Tumors

Speaker GIANFRANCO DELLE FAVE

09:20 State Of The Art Imaging of Pancreatic Neuroendocrine Tumors

Speaker JUAN CARLOS SPINA

09:40 Role of EUS in Pancreatic Neuroendocrine Tumors

Speaker MANOOP S. BHUTANI

10:00 TBD

Room 204 SESSION

Saturday 30

09:00 - 10:30 Pancreatic Disease in Children

Chair JOSE EDUARDO CUNHA

Chair DAVID WHITCOMB

09:00 Molecular Treatment to target specific Cystic Fibrosis mutations

Speaker OMAR H. PIVETTA

09:20 Hereditary pancreatitis: Natural History and Cancer Risk

Speaker PHILIPPE LÉVY

09:40 Total Pancreatectomy & Islet Autotransplantation in Children: Why, When and How?

Speaker JAIMIE NATHAN

10:00 Pediatric Chronic Pancreatitis Updates in the 21st Century

Speaker MAISAM ABU-EL-HAIJA

10:20 Discussion

Juan Pablo II KEYNOTE CONFERENCE
Auditorium

Saturday 30

10:20 - 10:35 Neuroendocrine Pancreatic Tumors: Surgical Therapy
Speaker MASSIMO FALCONI

10:35 Panel of Discussion
Panelist MANOOP S. BHUTANI
Panelist GIANFRANCO DELLE FAVE
Panelist MASSIMO FALCONI
Panelist JUAN MANUEL OCONNOR
Panelist LUIS SAROTTO
Panelist JUAN CARLOS SPINA

Juan Pablo II
Auditorium &
Room 204

Saturday 30

10:45 - 11:05 BREAK

Juan Pablo II KEYNOTE CONFERENCE
Auditorium

Saturday 30

11:05 - 11:35 State of the Art Lecture in Memorial Alejandro Oria
Chair CARLOS OCAMPO

11:05 Surgery of Advanced Pancreatic Cancer
Speaker MARKUS WOLFGANG BÜCHLER

Juan Pablo II SESSION
Auditorium

Saturday 30

11:35 - 13:20 Mini Symposium: Traslational Pancreatology
Chair FRANCISCO X. REAL
Chair ALEJANDRO ROPOLO

11:35 The Functional Role of Stroma in Pancreatic Cancer
Speaker RAGHU KALLURI

11:55 Restoraton of energy level in acute pancreatitis: from bench to the
bedside
Speaker PETER HEGYI

12:10 TBD

12:15 Modulation of Heat Shock response to Develop Novel Therapies for
Pancreatic Diseases

12:35 Microbiotica & Pancreatic Cancer

Speaker LAURA MATARESE

12:55 Development of small molecule therapeutics, Metavert for the
treatment and prevention of pancreatic cancer

Speaker STEPHEN PANDOL

13:15 Discussion

Juan Pablo II
Auditorium

Saturday 30

13:20 - 13:40 Closing Ceremony (IAP and LAPSG executives)
